META GUMBOOT

SKU: 83META

Categories: [Foot Protection](#), [Gumboots](#)

PRODUCT DESCRIPTION

UPPER: A unique mix of nitrile/PVC helping resistance to cracking

LINING: Synthetic inner woven material, highly resistant to wear and tear,

INSOLE: Removable, PU innersole for all round comfort.

SOLE: Anti-static, high nitrile sole gives better abrasion resistance and excellent slip resistance on oil and water surfaces, extra deep tread lugs help to clear out the sole in muddy conditions.

TOE CAP: Steel toe cap, Shock absorption max 200 Joules.

MIDSOLE: A unique mix of nitrile/PVC with a steel midsole protecting from penetration of the sole. Also has a built in metatarsal protection guard which helps to absorb impact protecting the metatarsal. Luminous ankle protector.
