PRODUCT DESCRIPTION

Shock absorbent
heels

Oil and fuel
resistant sole

Antistatic shoe

Breathable upper

Water-repellent
upper

Steel or composite
toe cap

UPPER

Highly resistant, ultra-lightweight, soft microfibre. Breathable and water-repellent, long-lasting quality. Highly-resistant, breathable fabric inserts. Water-repellent treatment which repels water and oil-based stains.

LINING

Padded, non-woven fabric, highly resistant to wear and tear, comfortable.

INSOLE

Removable, antibacterial, absorbent, FUSSTATIC, which ensures the wearer's foot remains dry at all times.

SOLE

Anti-static, dual-density polyurethane. Expanded polyurethane midsole, guarantees both total comfort and shock absorption on any kind of surface. Hi-grip, compact polyurethane outsole, for greater resistance against wear and tear, resistant to corrosion by oils and
